

S G Metal Castings

<https://www.indiamart.com/s-g-metalcasting/>

Manufacturer of chilled rolls, definite chil rolls etc.

About Us

S.G.Metal Castings was formed in the year 1985, the people behind it qualified engineers. Little did they know that, this company would make them reach the heights that they are in today, and all this could happen only with their personal hard work, dedication and the tremendous effort of the well equipped staff at works as well as the office. Our Research and development department is constantly working on improvements in Quality of our Chill Rolls. With our skilled, experienced and professional engineers & staff. S.G.Metal Castings have developed a strong hold in the Indian & Overseas market. S.G.Metal Castings have neither said, nor we will ever say, that we are the best in this line, but you will say this, once you use S.G.Metal Castings. Our products are inspected during the course of manufacturing, after completion and are held to our strict quality control criteria. Established in 1985, S.G. Metal Castings was started as a manufacturer of chilled rolls in malerkotla, Punjab (about 45 Kms from MANDI GOBINDGARH the steel town of India). Today we are the leading rolls manufacturers, serving a wide variety of customers.
