## About Us

Sachin Steel was established in the year 1999. We are leading Manufacturer and Supplier. We are renowned preparer and s of stainless steel products that are fabricated as per international quality standards. We also ensure that customization is done as per the specification and requirements of our customers. The stainless steel products are of different quality, durability and application and are accordingly prepared to equal these requirements. We use excellent quality raw materials that are certified by international quality standards to prepare them.

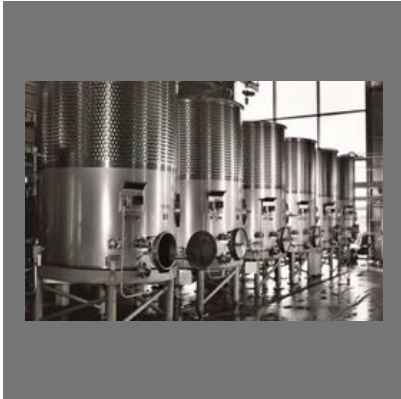

These are fabricated using finest quality steel in order to provide resistance from corrosion and high strength. Our range offers excellent features such as sturdy construction and high tensile strength.
