About Us

Sagoo Cranes was established in 2004. The company was originally set up as a workshop company based in Hyderabad in Andhra Pradesh but the use of Cranes within that company soon encouraged us to move on further and start our own crane service and the growth of Sagoo Cranes began.

As part of the Specialist Hire Group, Sagoo Cranes has expanded its operations serving a wide customer base who demand the highest standards in personal and professional service. Customers have a choice of Crane Hire or Contract Lifting, knowing that safety of personnel involved and the load, will always be the primary consideration.

We hire only professional people, with a healthy balance of youth and experience amongst our ever-expanding team. Working only to the highest standards, we bring in years' experience to every project we undertake, ensuring we not only meet but also exceed the majority of our customers' expectations.

Sagoo Cranes is one of the fast growing companies in the field of Crane and equipment rental. We provide all types of cranes on rental in India. We have with us well Trained Operators and a state of the art workshop in Hyderabad to solve any breakdowns related problems with immediate effect.
