We are one of the prominent supplier, manufacturer and exporter, of dry cleaning and laundry equipments. Our products are produced through the best quality raw material, and are capable to provide maximum satisfaction.

About Us

Sagoo Speedmaster Industries came into being on 1965. So many years of working under the presence of severe threat from opposition, and facing many hardships has made us more competitive and polished our skills. The various ups and downs which come during the time of working lead us towards the success, as we learned a lot from our mistakes.

Our entrepreneur Mr. Raghvir Singh was the person behind the whole show. His able guidance, tremendous skills and knowledge has helped so shine like a brightest star. It was his farsightedness which leads us to engross the most advanced technology at every stage and to produce the finest quality products.

The wide range of our equipment includes washing machine (side loading), hydro extractor, drying tumbler, calendaring machine, dry cleaning machine, oil separator, washing machine (front loading) etc. Our dedication and hard work has enabled us to make a unique place in the mind of customers. The customer from India as well as from overseas purchases our products, which indicates that we are one of the most liked brands.

The professionals accompanying us are highly qualified and expert in there sphere. All of them are coming from different backgrounds and are highly experienced and qualified. It was there dedication and honest commitment towards our organization which has leaded us to achieve the height of success to sustain in the industry for such a long time.
