Sai healthcare - We take care of relations.....

We are a renowned organization, engaged in supplying an assortment of Refurbishing Imaging Products. In addition, we also provide repairing and allied services for Medical Equipment.

About Us

Established in the year **2001**, we, "**Sai Imaging Healthcare Pvt. Ltd**", are a prominent organization engaged in providing **Refurbishing Imaging Products**. Beside this, we are highly efficient in providing repairing and allied services for **Medical Equipment**. Our products are of the highest quality and services are widely appreciated for their characteristics like timely implementation and personalized attention. Moreover, our organization adheres to the highest standards of excellence with their dedication to quality service and new technology. We have appointed dexterous professionals, who make dedicated efforts to provide efficient and reliable solutions to the clients. In addition, they efficiently render personalized services to the clients and offering customized solutions for the same. **Our engineers are highly capable of solving the toughest technical challenges. Further, they are efficient in meeting the most stringent requirements of the customers and also ensure reliability and durability of our products and services.** Due to our quality service and optimum quality product, we are known in the market for integrity, expertise and a refreshingly straightforward approach in an increasingly complex industry. Under the visionary guidance of our mentor, '**Mr. Sagar Borade**', we have achieved stupendous success within a short period of time. His constant motivation and sharp business acumen have...
