Our firm is engaged in manufacturing and supplying a high quality range of deepwell hand pump and cylinder assembly. These are known for their optimum tensile strength, rigid construction, high performance and durability.

## About Us

Established in the year **1995**, we, “**Saif Industries,**” are an eminent manufacturer and supplier of **Deep Well Hand Pump & Hand Pump Cylinder Assembly**. These are fabricated using high grade factor inputs and latest technology under the supervision of skilled engineers. Our offered range is available in various specifications and can be further custom designed as per the needs of the clients. In order to ensure quality, these are thoroughly inspected by our team of quality controllers on various parameters. Owing to high quality features, these are extensively used in various sectors like Infrastructure projects, Agriculture and Construction. Located at Kolkata, West Bengal (India), we have established a modern infrastructure that is fitted with advanced machines and cutting edge technology. With the support of these machines, we are able to produce these products in line with international quality standards. Besides, we have skilled and dedicated professionals, who carry out the entire production process with utmost perfection. It is due to our wide distribution network, we are able to deliver the consignments to the clients within the committed time frame. We are also favoured in the market due to our client oriented policies, close coordination with clients, timely delivery and competitive price structure. Under the aegis of our managing director, **Mr. Ismail Dahodwala**, we have created a commendable...
