About Us

Established in the year **2006**, we, “**Sai Tech Engineers & Contractors**”, are one of the trusted business organizations engaged in rendering **Fabrication, Painting and Turnkey Solutions** to the clients. In addition to these, we are instrumental in supplying a wide range of **Industrial Equipment**. With the aim to translate the needs of clients into cost effective solutions, we make use of sophisticated technology. Our technicians and engineers incorporate innovative technology for rendering these services. We interact with the clients to understand their needs and offer products and services in-line with that. In order to suit the specific needs of the clients, we offer customized solutions to them. With ethical policies and transparent approach, we have acquired a rich client base across the nation. Our organization is headed by our mentor, ‘**Mr. Rajan Katkar**’, who has industry experience of many years and possesses rich expertise of this domain. With his able supervision and constant guidance, we have emerged as a reliable business organization in the market.
