About Us

Established in the year **1999**, **Sai Vision Care** are leading **Exporter** and **Wholesale Trader** of **Pharmaceutical Injections, Intraocular Lenses, Ophthalmic Product**, etc.

The demand of offered lens & other ophthalmic products are widely demanded among patrons as these are safe to use, hygienic, sterile, free from infection, non toxic and have longer service life. To ensure the same, we manufacture these lens & other ophthalmic products by making use of the best grade material such as poly methyl methacrylate, silicone & acrylic and other material, sourced from the most trusted vendors of the industry. Post production, we make these lens & other ophthalmic products pass a quality check so as to ensure their synchronization with the industry set quality standards of the industry.

To carry out the production process of provided lens & other ophthalmic products in a systematic manner, we have developed a sound infrastructure. Located at Ahmedabad, Gujarat (India), our infrastructure is widely sprawling across a vast land mass and is divided into varied units such as manufacturing, quality checking and marketing unit. Each unit of our infrastructure is equipped with modern machinery and manned by expert professionals. These professionals are recruited via stringent quality check process on the grounds of their qualification and industry knowledge. Our professionals are very-well...
