## About Us

**Sakthi Forging Industry** has earned enormous prestige and widespread reputation through its famed services to its customers. With actual mainstay in **Chennai, Tamil Nadu**, it was established in the year **2009**. We have become the leading **Manufacturer, Exporter and Supplier** of an array of **Metal Shaft, Wheel Hub, Insulator Ball Pin, Clutch Plate** and **many more** with all Machinery, Equipments & Testing facilities. All these utilities are produced with the most qualitative assortment of raw materials. They are formulated using advanced industrial techniques. Our products are in huge demand in both industrial and urban sectors. We have gained huge support and trust from customer alliances all over the country. To encourage the practice of rendering premium quality output we have employed competent personnel who make us believe in this promise. Our experts choose the best standard of raw input materials, with ultimate purity and flawlessness in content that is to be sent into production. With testing complete, the formulation procedures begin. The raw materials are refined to obtain the required extracts, which are molded and manufactured to form the necessary electronic and electrical components. Advanced techniques are prevalent in all stages of production. We use state-of-the-art equipment and amenities to render the best possible attributes in our assortment. Packaging is paid special attention to, with the use of sturdy...
