## About Us

We are the oldest and most experienced company in the manufacturing and supplying of buffing and polishing materials in MUMBAI. The benefit of our experience and technical skills in these fields are reflected in highly specialized and diversified range of POLISHING, BUFFING AND ABRASIVE materials found in this website. Our range of products includes a variety of Cotton and Sisal, Coated Abrasives, Non-woven (Scotchbrite) Abrasives and Polishing Compound. The range offered by us is processed in accordance with quality standards, and is offered at industry leading rates. Moreover, owing to the high-end features, our range is highly acclaimed in diverse industries. We establish quality products, timely delivery, commitment and terms as its trademarks, which are amply reflected in the repeated trust the customers have placed on it. We has always been in sync with the changing times and has a continuous system of improvement and up gradation, which has resulted in very wide product range that it has today, many of these products are import substitutes which have been developed to meet customers' requirements at a highly reduced cost and without any compromise on the quality and utility. We have moved manufacturing from a multi-location facility in the art infrastructure in Vasai (Thane District)
