About Us

For us the journey began in **2012**, when we started as **Private Limited Company**. In the recent times, **Samar Solutions India Pvt. Ltd.** has focused to supply the best quality products to our clients. In this process we have done substantial advancements at our end, so that we are in tune with the changing industry needs and cater them accordingly. Going by what we envisage, no wonder we are counted amongst the leading **traders and suppliers** of **bamboo incense sticks, palm fatty acid, hybrid jowar, incense sticks, cotton seeds, de oil cake, cotton seeds doc, soya de oil cake etc.** We are constantly on the look out to improve our quality and bring out the best of products to cater the market demands. This increases our horizon and helps to get a substantial market share and deliver the goods. We have always endeavored to give the best quality of products. For this, we have got the best of minds from the industry that work on well-designed quality monitoring system. Right from the procurement of the raw materials till the time when the final product is developed, our quality managers take note of each step involved in the production. On a regular basis we do keep updating our quality parameters so that we are in line with the international standards. These two way process helps to refresh our knowledge base and also prepares the bench strength in order to meet increased demand from the market. All the latest machinery and...
