Samrudhi Chemicals & Intermediates

<https://www.indiamart.com/samrudhichemicals/>

Our company has achieved a remarkable place in the industry by trading a quality approved range of Sodium Borohydride, Potassium Carbonate, Boric Acid and others. We offer qualitative products at reasonable price.

About Us

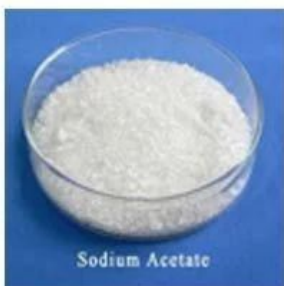

Samrudhi Chemicals & Intermediates is a sole proprietorship organization, incorporated as a trader of Industrial & Pharma Chemicals and Chemicals, in the year **2008**. Some of our product range consists of **Acetone, Magnesium Sulphate, Metanil Yellow, Sodium Metabisulphite Sodium Acetate, Potassium Acetate, Sodium Borohydride, Potassium Carbonate, Sodium Carbonate, Aluminium Chloride, Potassium Nitrate, Phosphorus Pentasulfide** and many others. Our products are sourced from the certified industrial vendors, possessing vast experience in this field. Moreover, our experts strictly examine the products' excellence on various industrial defined quality testing parameters at the time when products are sourcing from the vendors and continue till the final packaging of consignment. We also maintain transparency in our business dealings that helps us in acquiring maximum support of the clients based all over the country. Prompt delivery, quality tested products, cost effective solutions and ethical business policies are some vital factors that have assisted us in attaining a remarkable place in this competitive industry. Being a professionally managed organization, our all business operations are carried out under the careful and perceptive guiding principles of **Ms. Latha Palakurthy**. Her unrelenting support, guidance and sharp business intelligence has enabled us to serve our clients in best possible manner and also assisted us in...
