Sanjay Diesels

<https://www.indiamart.com/sanjaydiesels/>

We are placed amongst the distinguished Manufacturers, Exporters and Suppliers of high quality Electrical Control Panel, Sound Proofing DG Set, Diesel Power Generating Set and Diesel Engine Powered Genset.

About Us

Sanjay Diesels via its sister concern M/s Enerton Energy Systems Pvt. Ltd. is a channel partner for reputed manufacturers of DC Fast Charging Stations and AC Chargers used for fast and slow charging of Electric Vehicles. The company is based in Delhi and proposes to supply and install these charging stations at interested customers locations in Delhi NCR and other North Indian locations. The arena of mobility is set for the most disruptive change since the invention of the internal combustion engine (ICE). It may very well be that Internal combustion engines powered by fossil fuels e.g. Petrol, Diesel are in the last phase of their lifetime. Already a revolution is taking place across the world. ELECTRIC VEHICLES ARE FAST BECOMING POPULAR. To ensure that the revolution being witnessed by the world is also seen in India it is imperative to have a robust and easily available vehicle charging infrastructure. It is also important that the chargers available should be DC FAST CHARGERS. To fulfill this need Enerton Energy Systems Pvt. Ltd. Has commenced marketing of just such a solution. The Electric Vehicle Fast Charging Systems that Enerton Energy Systems is marketing can charge the Indian mid-sized Sedan Electric Vehicles like Mahindra e- Verito and Tata e – Tigor in about 1.5 hours. The company's products will greatly assist in creating a robust charging infrastructure which in turn will give the right eco system for the EV market to bloom in India.
