We are amongst the leading service providers of a wide series of Metal Plating and Coating. Our range of Plating and Coating services enhances the life of the metal tools and components by making them resistant to corrosion.

About Us

Established in the year **2004**, we, "**Saras Cleastems**", have emerged as a prominent service provider of a wide array of **Metal Plating and Coating**. Our entire range of services is rendered as per desired specifications of our esteemed clients. The plating and coating services we offer find its utility in diversified industries to protect tools & equipment and other metal components against corrosion. We make use of advanced techniques to apply coating and plating for its uniform distribution. In the course of providing our services, we are very particular about the quality of the work. For this, we have appointed experienced engineers, who are well versed with all the latest techniques and methodologies of electroplating and electrolysis. Then, a team of quality auditors conducts quality tests by exposing the coated products to various corrosion causing conditions. Our technologically advanced infrastructure is also main contributor in ensuring the smooth execution of our services. We have flourished as a leading service provider under the visionary leadership of our mentor, ' **Mr. Amar Jadhav**'. It is because of his proficient management skills and business acumen that we have amassed broad client base across the country.
