We are a trusted name in manufacturing ice-cream machines and in importing a versatile array meeting several industrial requirements. Every item is accurately engineered as well as assiduously checked before their procurement.

About Us

Incepted in **1975**, we at **Satnam Industries** are consistently engaged in manufacturing and importing a wide array which caters the requirements of several industries. Our organization works with complete dedication & enthusiasm to supply our clients with a distinctive variety.

Owing to the diligent team we have been constantly counted as a reputed & trustworthy name on the international spectrum. The entire work-force is well-versed & experienced in both the field of manufacturing as well as in importing superior variety our collection. To aid them we have a fully facilitated infrastructure which is sufficed with all the requisite machineries & quality testing materials so that we capably supply a flawless variety to our wide clientele.

Along with our team, it is due to the invaluable guidance of our founder **Mr. JIANDRAM HOLARAM ROHRA** that we have been able to touch new heights of success. It is with his support that we are capably supplying our current product line as well as trying to offer innovative varieties so that we can captivate the requirements of new industrial markets.
