<https://www.indiamart.com/satsautomation/>

Being pioneers of the industry, we are manufacturing, trading, exporting and supplying a technically improvised range of Variable Frequency Drive, Siemens Soft Starter and various others. These products are suitable for various applications.

About Us

Sats Automation Pvt. Ltd. has commenced business in the year **2008** as a **private owned company**. Since then, we are engaged in **manufacturing, trading, exporting and supplying** a technically improvised range of **Variable Frequency Drive, Siemens Soft Starter, Control Panel** and many more products. **We are also a renowned service provider of Siemens Drives Service, Installation Service** and others. We bring innovative and fresh approach to engineering services. Our entire range of products as well as services are highly acknowledged among the customers for their unparalleled characteristics such as high efficiency, superlative performance, optimum performance, precise designs, longer service life, reliability and many others. We have adopted cutting-edge methods and techniques of production, to stay in line with the challenges prevailing in industry as well as the growing demands of clients.

We are guided by our company's praiseworthy director **Mr. Subrata Basu**, whose constant motivation as well as wisdom has enabled us achieving an outstanding position in the industry. His sound business insight, marketing skills, farsightedness, managerial qualities and visualization has rewarded us with large support of customers and an enviable position in industry.

For us, key to success lies in earning as well as maximizing the trust of our esteemed clientele. Therefore, every possible endeavor has been made by us to...
