About Us

Securetech Enterprises is an organization which came into existence in the year 2009, with the vision of providing the best quality product along with the top of the line products to its clients.

With the help the cumulative experience of our founder and their span of their immense knowledge, we have been able to establish ourselves in the field of Electronic Security and Safety and provision for the high end testing and electronic gadgets. Feeling the need to obtain the knowledge before going on field to serve the clients we have had various training sessions with our associates and principle companies, which has made us a competent and commendable service provider.

With quiet a few projects and excellent service in our kitty already, we have been able to establish our name in the industry as an excellent service provider, though there is lot of work still to be done, we would always strive of more and better.
