We are a reputed manufacturers, exporters & suppliers of industrial process control & automation instruments. These instruments manufactured by us are known for their corrosion resistance & accurate results.

About Us

Established in the year 1972, we at **Servotronics** have emerged as an eminent manufacturer, exporter and supplier of industrial process control & automation instruments, which include AC timers, watt meters, temperature controllers, counters etc. Instruments manufactured by us are known for there corrosion resistance, accurate results, reliability and hassle free operations.

We have vast infrastructure spread over an area of 2700 square feet with an installed capacity of 2700 units. Our entire infrastructure is well equipped with latest machines and advanced technologies. Further, with the help of these upgraded machines we are capable of producing 6 lakh units per month. Our advanced methodology, effective marketing strategies and after sales services helps us to enhance our exports. Industrial process control & automation instruments offered by us find application in plastic machine, boilers, chemicals industry etc.

Under the able guidance of our mentor, **Mr. Shailesh Patel**, we have carved a niche for ourselves. He has an extensive industry experience and vast knowledge about the market, which helps us in providing a superior range of products and highly satisfactory deals to our clients.
