

S.G.S. Hydraulics

<https://www.indiamart.com/sgs-hydraulics/>

We are engaged in manufacturing and supplying a wide range of Hydraulic and Pneumatic Machinery. Besides this, we also provide efficient repairing services for hydraulic equipment and undertake on-site job works to meet diverse industry requirement.

About Us

Established in the year **1992**, **SGS Hydraulics** is counted among the dominant manufacturers and suppliers of **Hydraulic and Pneumatic Machinery**. Owing to its efficient performance, compact designs and user friendliness, our range is widely used in various industries including automobile, automotive and rubber. Apart from this, we also undertake serving, repairing and site works for various machines to meet diverse industry requirements. We have successfully executed various site works at paper and rolling mills. We are empowered with a sound infrastructural background and a competent workforce. The combined output of the two ensures timely production of a defect free range of machines and equipment. We use cutting edge technology and advanced machinery for manufacturing our range at par with international quality standards. Our professionals are acquainted with the industry requirements and design the range accordingly, so that it achieves optimum client satisfaction. We have mustered a wide base of satisfied clients by following ethical business principles and client oriented approach. Our list of clientele incorporates some prestigious names such as **Sundaram Clayton Ltd., Super Fill Product Ltd., S. R. Engineering, Rane Nsk, Royal Enfield, Tuff Tools, TTK –Lig Ltd. and VNC Steels** among others. The catalyst for our success is our mentor, **Mr. V.S. Malan**, whose dynamic leadership has led us to the paramount of...
