About Us

Shanti Industrial Corporation is a prominent organization of **Sandwich Belts, Silicon Components, PU Hoses, Industrial Couplings and Gasket Product**. These products are extremely utilized in the market owing to their longer working life, reliable work, durability, less maintenance and easy installation. Our products are made using the top quality material, which is bought from the reliable vendors of industry. Our firm has chosen engineers, semi-skilled workforce and quality analysts, who aids us in offering the reliable products to our clientele. Our adroit team has the capability to easily manage any type of serious situation. In addition, our developed products undergo numerous rigorous quality checks to make sure the reliable functionality and longer life. We are backed by a huge and advanced manufacturing unit that is well-resourced with all the latest technologies and machineries that are necessary for the development of these products. Our huge manufacturing unit makes our accomplished team members competent to make our broad range of products in bulk quantity at a very high production rate. To run all the trade processes in a smooth way, we have divided our manufacturing unit into numerous departments such as quality testing, production, warehousing & packaging, research & development, sales & marketing, etc. With the great support of our mentor, **Rajneesh Kahol** we have easily obtained our business...
