Sharma Nand & Sons

<https://www.indiamart.com/sharmanandsons/>

We have become the most preferred choice of clients by manufacturing, trading and supplying a highly functional range of Plant Testing Equipment, Hydrological Equipment and more. Our products are according to specific needs of clients.

About Us

Leveraging on sophisticated technology, engineering excellence and efficient leadership, we, **Sharma Nand & Sons** has sculpted an outstanding position in our respective domain. The company came into existence in the year **1987** as a sole proprietorship firm and is involved in **manufacturing, supplying and trading** a comprehensive range of **Water Current Meter, Meteorological Instrument, Hydrological Instrument, Plant Testing Instrument, Hydraulic Apparatus, Balance Instrument, Soil Testing Machine** and many others. All these products are widely acknowledged among the clients for precise engineering, dimensional accuracy, excellent performance, sturdy construction, hassle free operations and many others. Our experts develop these products using high grade components and raw material, which is procured from the industry's most reliable and authorized vendors. In our endeavors to provide desired and best quality range, we have implemented advanced techniques and methodology, which keep us in line with the changing industrial developments. Therefore, we are frequently getting the orders from our clients and making repeated business dealings with them. Our company has achieved growth by carrying all their operations under the skillful guiding principles of our commendable proprietor **Mr. Rajiv Sharma**. He has enabled us to establish successfully a remarkable position in industry with his rich industrial experience, foresightedness,...

SURVEY INSTRUMENTS

Our Products

Prospector Dumpy Level

Vernier Transit Theodolite

Mirror Stereoscope with 4X
Binocular

Vernier Transit Theodolite
German Pattern

SOIL TESTING INSTRUMENTS

Our Products

Plastic Limit Set

Shrinkage Limit Set

Proctor Needle Hydraulic Type

Unconfined Compression
Tester Proving Ring Hand
Operated

CEMENT & CONCRETE TESTING INSTRUMENTS

Our Products

Gang Mould (Three Gang)

Laboratory Cement Autoclave

Compression Testing Machine
Micro-controlled based

Vicat Needle Apparatus and
Dash Pot

Sap Flow-Tdp Version

Automatic Porometer

Plant Canopy Analyzer

Portable Leaf Area Meter

HYDROLOGICAL INSTRUMENTS

Our Products

Main Column with Winch Machine

Direct Water Velocity Indicator for Water Current Meter

Digital LCD Counter for Water Current Meter

Automatic Water Level Stage Recorder

STRENGTH OF MATERIAL

Our Products

End Quench Test Apparatus

Ultrasonic Flow Detector

Erichsen Cupping Testing Machine

Horizontal Microprocessor Based Dynamic Balancing Machines

METEROLOGICAL INSTRUMENTS

Our Products

Self Recording Rain Gauge

Thermo Hygro Graph

Digital Wireless Rain Gauge
with Indoor & Outdoor
Thermomete

Digital Rainfall Recorder

BITUMEN OR ASPHALT

Our Products

Mixer with Heating Jacket

Rolling Thin Film Oven

Loss on Heating/ Thin Film Oven

Ductility Testing Machine

OTHER PRODUCTS:

Dumpy Level Standard

Universal Permeability

Gillmore Needle Apparatus

Soil Tension Meter

OTHER PRODUCTS:

Cup Water Current Meter

Universal Spring Testing Machine

Open Pan Evaporimeter

Automatic Bituminous Compactor

Factsheet

Year of Establishment	: 1987
Nature of Business	: Manufacturer
Total Number of Employees	: Upto 10 People
