About Us

Shavo Norgren (India) Pvt. Ltd. was established in 1965 as a Joint Venture Company to manufacture Compressed Air Processing equipment viz. Air Filters, Pressure Regulators and Airline Lubricators with design and drawings provided by C.A.Norgren Co., Denver, USA.

Shavo's first manufacturing facility was established in 1968 at Mumbai and later at Bangalore, has been offering high quality internationally accepted products to over 400 OEM and 5,000 end-user customers.

Shavo has established inhouse engineering and technical capabilities to assimilate knowledge about Pneumatic Products and have modified standard products to meet with special OEM customers' requirements. We have designed and developed instrument Filter-Regulator in India to cater to highly competitive and exacting instrument requirements.

Shavo in the year 2002 commenced manufacturing of Solenoid Valves, Manual Valves and Actuators to meet with the needs of the Fluid Power Industry. The components for these products are globally sourced to meet with customer requirements as per international standards.

Shavo enjoys the privilege of being associated with all the major industries in the country due to its consistent quality and we look forward to continued patronage by the customers. We established inhouse capabilities to design pneumatic circuits and offer all the components required for pneumatic applications.

Shavo has established extensive marketing network having their own offices and...
