

Shilpi Engineering Private Limited

<https://www.indiamart.com/shilpi-engineerings/>

We have been able to achieve remarkable position in the market by offering best in class Machine Repairing Services. These services are offered by us are known in the market for their reliability, promptness and timely rendered.

About Us

We are pleased to introduce our reputation in Construction and Maintenance of Refineries and Petrochemical Industries . Started as a proprietorship company in 1992 and later into a partne ship company in the year **1996** for undertaking projects and maintenance jobs in petrochemical units, we have grown to a well established private limited company in the year **2002**. We are looking for the queries from **Navi Mumbai**.

As a project construction and maintenance company, we rank second to none in executing **mechanical and civil projects, shutdown maintenance jobs in Oil Refineries, Petrochemicals , Fertilizers' and Chemicals, Steel plants, and Department of Atomic Energy**.The process of executing the assigned jobs with in the time frame, with quality and highest safety standards has helped us in earning this reputation Under the able guidance of our mentor, '**Mr. Prsaha Premangshu**', we are achieving prominence in the industry.His in-depth domain knowledge have helped us in rendering these services as per the exact requirement of the clients.
