

Shine Chemical

<https://www.indiamart.com/shine-chemicals/>

We are a prominent manufacturer and supplier of Solvents and Pharmaceutical & Industrial Chemicals. These chemicals are acclaimed for their accurate composition, precise pH value, optimum purity level and efficacy.

About Us

Established in the year **1983**, we, "**Shine Chemicals**", are manufacturing and supplying a wide gamut of **Solvents and Pharmaceutical & Industrial Chemicals**. All our endeavours are guided towards offering the innovative products, which are processed using optimum quality ingredients. We have gained loads of accolades from our clients owing to the accurate composition and high efficacy of our products. Supported by an advanced infrastructure and competent workforce, we are able to meet the requirements of our clients quickly with utmost efficiency. During the manufacturing process, all stages are duly tested by our quality controllers for assuring the production of high quality chemicals. Moreover, prior to their final packaging, all the products are thoroughly tested to ensure their optimum quality level. Once packed, the consignments are quickly delivered to their respective destinations within the postulated time frame. We have carved a niche in the industry, under the able guidance of our mentor, '**Mr. Memon**'. His profound domain knowledge and rich industry experience motivate us to work towards exploring newer horizons and establishing ourselves as a trusted name in the market.
