## About Us

Shivika International was established in the year 1980. We are manufacturer, supplier and exporter of Herbal Cosmetics, Facial Kit, Beauty Cosmetics, Moisturizing Lotions. We make sure that customers are served with high quality products developed in compliance with industrial norms of quality and other related norms. All the products that we provide checked for various quality parameters making sure that they meet every norm of quality. The complete range is manufactured using best ingredients which is well tested by our quality specialists. We have a separated manufacturing unit to complete the entire production process, within committed time frame.

Furthermore, we have a proficient team of experts which enable us to fulfill the bulk consignments, within the set time. Our quality inspectors strictly supervise each stage starts from the procurement of ingredients till the final dispatch of the products. Our foremost aim is to expand our market reach and deliver the best products to far flung areas. Our professional team has vast knowledge and experience in developing the products and we have the relevant and advance machinery that help us to manufacture products in a cost effective manner.
