Shiv Shakti Trader is a leading firm engaged in wholesaler, distributor, Supplier and trader of Batteries and Water Purifier. These products are widely acknowledged in residential and commercial sector for assisting all basic needs.

About Us

In **2011**, our firm **Shiv Shakti Trader** came in light in Indian market. At present wholesaling and distributing **Water Purifier System, Inverter Batteries, Automobile Batteries, Power Inverters, Solar Batteries and UPS Batteries**. All our supplied batteries and water purifiers are reliable in nature and accessible from market in different electrical and electronic specializations. We procure our electric devices from well known manufacturing brands of India and across world. All these easy to install batteries are light in weight, water proof and very efficient in working. Further, these portable products are easy to maintain. We have sharp skilled experts in our team to manage all infrastructural activities of our firm. These products are procured after complete assurance about premium quality and ensuring superior performance. Hard in frame our offered products are easy to install and can be configured from our firm in different specification. Our marketing experts use best techniques and methodology to obtain and supply these water purifiers and batteries in market. These durable and portable products meet the requirement of clients from residences and commercial sector. Our mentor **Mr. Karan Kumar** is consistently making our firm leading in the market. His efforts make us to attain new achievement of the market.
