

Shraddha Converting Machines Private Limited

We are one of the leading manufacturers, exporters and wholesalers of Printing and Sealing Machines. Our product range include Rotogravure Printing Machine, Laminating Machine and Sealing Machines.

About Us

Established in the year **2003** We "**Shraddha Converting Machines Private Limited**" are manufacturers, exporters and wholesalers of Printing and Sealing Machines. Our product range include Rotogravure Printing Machine, Laminating Machine and Sealing Machines. Quality and sturdy machines are manufactured under the able guidance and supervision of highly experienced engineers for more than 20 years supported by services.

Within a short span of 6 years since our inception, we have gained a strong market position in manufacturing a quality range of Printing and Sealing Machines. Our assortment of quality packing machinery has made us the most preferred choice for our clients all across the globe. So far, we have maintained a great deal of consistency in our quality standards and thats the reason that our range of machinery is appreciated for sturdy construction, optimum performance and a longer service life.

We are lead under the able guidance of our mentor **Mr. K.K.Sharma**, who has a valuable experience of 25 years in the industry. The high business acumen of our mentor and his in depth knowledge in the domain, put into practice by our team has helped us in establishing a strong position in the market. We export our products to African Countries, Dubai, Bangladesh.
