Shree Chemicals Ind

<https://www.indiamart.com/shree-chemicalsinds/>

Manufacturer and retailer of foaming agent, surface active agent
etc.

About Us

Shree Chemicals Industries was established in the year of 2004, under the efficient headship of the honorable CEO **Mr. Ajay Trivedi**. The profound knowledge and rich experience of the CEO in the concerned field have helped the company in acquiring distinguished position amidst the trustworthy Manufacturers and Suppliers of Industrial Products.

Infrastructure

Our robust infrastructural has played a crucial role in the fast and steady growth of the company. Our state-of-the-art manufacturing unit is backed with technologically advanced tools and machinery that help in the qualitative and quantitative production of Industrial Products.

Quality Assurance

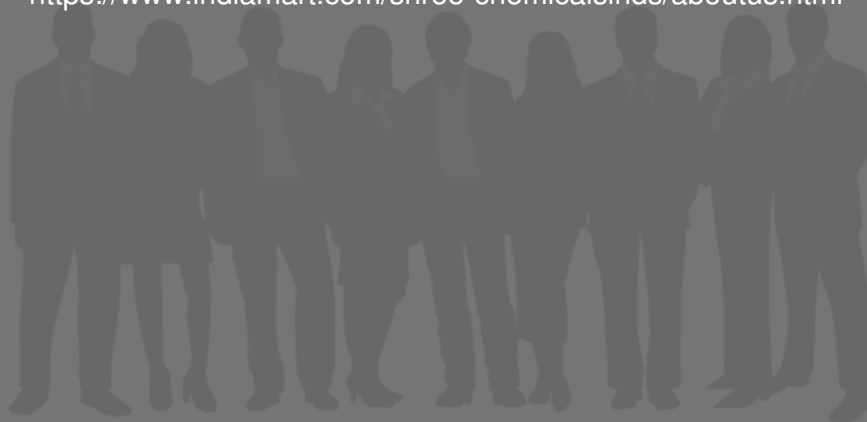

Owing to the priority to serve flawless quality products, various stringent quality tests are conducted from the initial stage of procurement of raw materials to the final stage of launch of end products in the market. For full assurance, the tests are conducted under the supervision of our quality control executives.

Warehouse

We have a spacious warehouse that is loaded with all essential facilities, which assist in the safe and sound storage of the Products. The internal segmentation of warehouse as per the category of the products ensures safety to the products. In addition, our warehouse is capable of storing the products in bulk, which helps us to meet the demand of customers in short span.
