About Us

To nurture the commercial needs of the patrons, our organization **Shree Industries** got started in the year **2005**. Our firm is immersed in the Manufacturer, Supplier and Service Provider of **Aluminum Die Casting, Zinc Die Casting, Plastic Moulds, Pressure Die Casting Machine, PDC Die, Conveyors System and Angle Bracket** . Besides this, we are leading service provider of industrial services. Excellent in working, these industrial products are best in quality and can be purchased from our firm in many specifications and mechanical properties. Experts of our firm develop these products very keenly by the use of best metal and non metal input that is crack proof and highly sturdier in nature. Our industrial products are proper in finishing and supplied in the market after many examination steps based on numerous quality factors. We provide the maintenance and repairing services of Pressure Die Casting Machines.

We have group of highly talented personnel of mechanical field. Reliable in working, these industrial products are prepared at our development unit with the use of best quality approved metal that is acquired from the well known vendors available in the market. Our experts follow global level standards for the obtainment of these industrial products. Besides this, our services are best in result and very easy to use for small and large industrial process. With our large distributive network, we supply industrial products in the...
