

Shreeji International

<https://www.indiamart.com/shreejiindia/>

We manufacture, supply and export a wide range of kitchenware, barware, bathroom accessories and other goods. The products supplied by us are made from high quality iron, stainless steel, aluminum and copper.

About Us

We are amongst the fastest growing organizations manufacturing, supplying and exporting iron, non-magnetic stainless steel, copper and aluminum kitchenware, bar ware and other utilitarian products. Our range of products encompasses cookware, pet products, dinnerware, holloware, kitchen tools and other utilitarian products. Along with these, we also offer hard anodized products and two tone utensils. With mirror like finish, our range of products can be availed in various sizes, designs and shapes. Boosted with versatile manufacturing unit, the entire production process is conducted in our own unit. Along with our existing wide range of products, customers can also source customized products from us within mutually decided time and at industrial competent rates. Along with stockists, distributors, we are also catering to various hoteliers across the globe. We meet their requirements by offering them products like chafing dish, trays etc.
