About Us

Shreenivas Construction was established in the year 1993. We are Manufacturer and Supplier of Plastic Road Studs, Cat Eyes Road Studs, Warning Sign, Traffic Sign Board, Crash Barrier, Speed Hump and Thermoplastic Road Marking Paints. These products are widely appreciated for several qualitative features that include resistance against abrasion, easy installation and low maintenance cost. All the products are designed with very high strong body and better road grip. This ensures excellent delineation on the roads for safe driving at night.

Being a client centric organisation, our services are strictly rendered as per the requisite needs and requirements of the customers. Our services are rendered with a strategy of attaining highest level of customer's satisfactions. Apart from this, our experts are efficient enough to provide various options of road signs as per the customers detailed specifications. The products we offer at par with defined industry set norms and standards. In addition, the entire production process is conducted after a thorough research program so as to deliver a high quality range of products as per the customer's convenience. Owing to immense support of our professionals, we have been able to develop a huge clientele all across the nation.
