<https://www.indiamart.com/shreesaigroup/>

We are one of the India's leading manufacturers & suppliers of industrial minerals & chemicals. The high quality range, with wide range of specialized applications is extensively used across the nation especially in Gujarat & Maharas

About Us

We **Shree Sai Group Of Industries**, are one of the reputed companies, engaged in manufacturing and supplying industrial minerals and chemicals. A consortium of three private limited companies, the group at present, has a total turnover of over Rs. 20 crores. Commenced operations, in early 1999, with a single plant, having capacity of 1500 metric tons per month of hydrated lime, today we have a total production capacity of 3000 metric tons per month (36000 tons / annum), with two plants located in Surat district. We are offering a high quality range that has wide application area. Our range includes quick lime, dolomite, limestone, quartz, iron ore and calcined magnesite.
