Shri Baba Dairy, located near Karjat, Maharashtra sells the purest and freshest dairy products from its own farm.

About Us

Shri Baba Dairy, located near Karjat, Maharashtra sells the purest and freshest dairy products from its own farm. Our Cows & Buffaloes are very well looked after and are fed high quality, natural diet which ensures a natural and wholesome milk which is not only good for you but also provides an answer to the problems associated with the supply chain of milk in the country and issues relating to the adulteration of milk. What started as a small dairy business near Karjat, located in the vicinity of lush green surroundings, has grown to be a recognised local brand. Thanks to our strict quality control we have been able to create a name for ourselves which stands for purity, quality and of course for the delicious products! We value each and every customer who visits our dairy farm and those who have been our loyal customers since inception. We love the fact that so many of our customers have so many things to say about us! We take pride in our increasing customer base and especially appreciate the support of our loyal customers who have supported us since inception. We are a family business involved in the ownership and operation of the business, and committed to the highest quality. Our “family” has now extended to include valued customers and employees who care passionately about making and delivering our fresh dairy products.
