About Us

Established in the year 1996, we, "Shubham Corporation" distinguished Wholesale Trader and Supplier of a qualitative range of USA Coal, South African Coal, Indonesian Coal and Indian Steam Coal (North-East, ECL, Gujarat Thangadh Coal). This superior variety of coal is sourced from leading Importers, with an assurance of impeccable quality. Known for its high carbon, low ash, and high thermal efficiency, this coal is widely demanded in the market. Various industries including Paper, Steel, Textile & Processing, Power, Leather & Rexene, Brick Kilns, Ceramic, Cement plants and other sectors use coal for varied purposes. We are assisted by our team of professionals, which makes sure that the procured range is compliant with the established norms of the industry. The clients can avail these products from us as per their requirements in terms of quality and variety. By ensuring an effective quality control program, we offer premium grades of coals. Also, these different varieties of coal are stored in our spacious stockyard, separately. Under the experienced and qualified guidance of our mentor, "Mr. Samir Jain". We have gained an indomitable presence in the market. His principled approach and keen business acumen have been acting as the fuel behind our phenomenal growth in this domain. Major Market India, Nepal
