We are exporters and importers of quality pipes, fittings, flanges and fasteners. Owing to engineering excellence, it finds wide application in industries for corrosion resistance, durability & longer functionality.

## About Us

Incepted in the year 2002, **Silco Steel** Industries has emerged as renowned manufacturer, exporter and importer of quality pipes, fittings, flanges and fasteners. Our gamut comprises stainless steel sheet, plates & rods, butt weld fittings, screwed & forged fittings, stainless steel coils, nickel based alloys, screwed fittings, mild steel pipe fittings and non-ferrous forged product. Developed using quality material these are widely acknowledged for corrosion resistance, high tensile strength, durability and longer functional life.

With the assistance of our advanced manufacturing facility and machines such as hydraulic press, hacksaw cutting and plate rolling we have successfully upgraded the quality of our range as per **ASTM, BS, IS, DIN, ASME, ANSI, MSS** standards. Backed by meticulous and industrious efforts of our competent team members we have been successful in catering to the requirement of petrochemicals, shipping, engineering and oil & gas industries in an effective manner. Under the aegis of our mentor **Mr. Arvind Shah**, we have been able to reach a pinnacle of success. It is his visionary approach and business acumen, which has led us in marking our recommendable growth in the industry.
