About Us

Sinduri Mining Solution was established in the year 2013. We are the leading Trader of Alumina Powder, Natural Quartz Powder, Potash Feldspar, Soap Stone Lump etc. To ensure utmost customer satisfaction, we have set up a wide Trading network to ensure that the ordered products are delivered to clients destinations within the stipulated time frame. It is also properly segmented into different sections in order to ease the storage and retrieval process of our consignments. In addition, the warehouse is kept completely moisture, dust and pest free to ensure that the quality of the stored products is not affected.

Keeping this in mind, we enrich businesses of consumers by exhibiting a collection of solutions that is defined by assured durability, unmatched reliability, best-in-class design features, superior performance and seamless service. Leveraging on our business acumen, we plan to broaden our business horizons and tap opportunities in various global markets in the coming future. Most importantly, the versatility of the company makes it serve customers with technical services.
