**"SINGLA DOORS"** are leading traders of Door Timber & Plywood which are used in the manufacturing of furnitures, interiors & home furnishings. Our products are known for their fine finish and durability.

## About Us

**"Singla Doors"** a well-known brand of ply store is manufacturing since a long time high quality products. The manufacturing process begins with the right selection of wood, complete seasoning by kilns and anti treatment by special chemical. We consistently persist in the principle of superior mfg, excellent service, scientific innovation & pursuing remarkable achievements. And we will sincerely provide all clients with superior service and products.

**"SINGLA DOORS"** have been able to deliver our clients with an exhaustive range of wood products as we have established strong business association with well known manufacturers and vendors. We choose our vendors after ensuring that they have an excellent past track record and are capable to handle bulk consignments timely. Our quality auditors make sure that the procured products are made in accordance with the industry standards.

We are supported by a sprawling infrastructure which enables us to reach out to various vendors, purchase quality products from them, conduct market analysis and carry on our trades with other dealers. Aided with wide distribution channels, we are able to deliver our product range to our clients within the scheduled time. Our fair and transparent business practices have helped us in gaining the trust of our clients.
