

Sofgen India Private Limited

<https://www.indiamart.com/sofgenindia/>

Offering implementation philosophy services, first aid services, due diligence services, system architectural services, planning services etc.

About Us

Sofgen was founded in 1999 and today is expanding throughout the world, with principal offices in Switzerland, the United Kingdom, the United States, India and Singapore, in addition to a micro finance practice based in Kenya. We deliver IT solutions to some of the world's most prestigious financial institutions, with a special focus on private banking and wealth management. Our team contains a wealth of highly impressive business and technical consultants with an unmatched level of experience in various core banking systems. Our services cover the entire system life cycle, from requirements analysis and system selection to implementation and ongoing post implementation support. With each new client Sofgen follows a simple and effective philosophy: we want to become your trusted partner in developing, running and maintaining your core systems so as to enable you to succeed over the long term. Whether you are setting up or already established, Sofgen will invest with you to ensure that we cover your needs as your business evolves. Our logo is a runic inscription from ancient times called a "jera," which symbolizes the sowing of seeds ultimately generating harvest, success and abundance. It represents the effort Sofgen invests in cultivating our clients' success, resulting from the close partnership we build with our customers over time.

The diagram shows a 'Chart of Accounts' on the left, categorized into Assets, Liabilities, and Equity. Assets include Current Assets (e.g., Cash, Accounts Receivable, Inventory) and Non-current Assets (e.g., Property, Plant, and Equipment). Liabilities include Current Liabilities (e.g., Accounts Payable, Short-term Debt) and Non-current Liabilities (e.g., Long-term Debt). Equity includes Common Stock and Retained Earnings.

On the right, a 'Balance Sheet components' section shows how these accounts are grouped into three main categories: Current Assets, Non-current Assets, and Equity. These categories are further broken down into sub-components like Cash, Accounts Receivable, Inventory, Property, Plant, and Equipment, and Common Stock, Retained Earnings. A 'Specifics' box highlights a 'Specifics' box, which is a small cube representing a specific data point within the larger structure.

A 'Zoom' icon is located at the bottom left of the diagram.
