Sohal Engineering Works

<https://www.indiamart.com/sohalengg/>

We offer different kinds of **rubber machines like hydraulic machines, kneaders, mills** etc to different manufacturers located in India. These machines can be supplied to different manufacturers in short span of time.

About Us

It has been more than 50 years, that Sohal Engineering Works, has been offering its clients with different types of rubber processing machines, spare parts and turnkey plants.

The different products manufactured by us are like **hydraulic machines, kneaders, mills, rubber calendars, rubber mixing mills, rubber refiners, autoclaves quick locks, hydraulic presses, rubber extruder machines, calendering lines, rubber extruder machines, calendering lines.**

These machines are known for their efficiency and high performance. Keeping in mind the needs of the clients, we provide them with complete assembling and fabrication facilities, which help us to provide the machines complete customer satisfaction.. Our team of personnel keeps us abreast with the market trend and latest technological innovations. This enable us to deliver the machines, which are flawless and cater to the diversified needs and demands of the clients in India. Keeping this in mind, we entered into technical collaboration with M/s. Wean United Inc. U.S.A., and made Mills and Calenders for tyre and non-tyre industries. This enabled us to produce machines, which adhere to international quality standards.
