# Somnath Manufactures

<https://www.indiamart.com/somnathmanufacture/>

We are a prominent organization engaged in manufacturing and supplying an impeccable range of Car Engine Parts. These products are lauded in the market for being long lasting, low in maintenance and dimensionally accurate.

## About Us

Established in the year **1996**, at **Rajkot (Gujarat, India)**, We “**Somnath Manufacture**” are renowned as the well established **Manufacturer** and **Supplier** of a wide array of excellent quality **Automotive Water Pump, Automobile Water Pump, Car Engine Parts** and **Cam Bracket**. Our offered product range is precisely manufactured and designed from quality approved raw materials and high end technology in compliance with international quality standards. These products find extensive application in four wheelers and also in numerous automotive, automation, power plants etc. Our offered parts and products are highly appreciated and acclaimed among the clients for some of their unique attributes like robustness, optimum functionality, corrosion resistance, easy installation, easy to maintain, flawless finish, compact design, enhanced service life etc. In addition to this, we offer our product range in various technical specifications as per the detailed given by the customers.

Backed by a large and facility enriched infrastructure, we have been able to produce these products in bulk. Our entire infrastructure has been segregated into various sections like research & development, manufacturing, wear housing, polishing and quality control. For precise control of the entire manufacturing process and supervision of work, we have appointed highly qualified and experienced professionals for each unit. These...
