

Sonhira Industries

<https://www.indiamart.com/sonhira-industries/>

We are TUV certified ISO 9001:2000 company, specialized in the field of manufacturing sheet metal components like sheet metal parts, sheet metal dies, sheet metal pressed parts, sheet metal pressed dies. Also, we provide services related to boring.

About Us

Started in 1995, we manufacture and supply sheet metal components & various sheet metal assemblies. These products are for automobile & domestic applications in ferrous & non-ferrous material. Since the time of our establishment, we have seen a continuous growth from 0.50cr in first year to 6cr. in 06-07 in terms of turnover. We are promoted by Mr.V.A Shinde,a qualified and experienced engineer. He is an Ex- Telco (presently TATA motors) qualified graduate engineer with 20 years working experience in the same field. For better functioning, we are associated with one of the world's largest manufacturers of water heaters & water heater systems - Merloni Termosanitari (I) Ltd. This company is an Italy based global organization having presence in 41 countries all over the world. We have sister concern, Bharat Engineering and Tools Cooperation established at Pune which is engaged in welding fixture, vmc machining, industrial welding fixture, industrial vmc machining, precision dies, jigs, fixtures, moulds & patterns on modern manufacturing processes.
