We, **Soni Enterprises**, are a highly reputed manufacturer, wholesaler and Supplier of premium quality **CFL Bulbs**, **LED Bulbs** and **CFL Fittings**.

About Us

Established in the year **2013** at **Ratnagiri, Maharashtra**, we, **Soni Enterprises**, are a highly acclaimed manufacturer, wholesaler and supplier of high quality **CFL Bulbs**, **LED Bulbs** and **CFL Fittings**. These are manufactured in strict compliance with industrial quality standards by using components and raw materials that are certified on their quality. These are highly acclaimed for their longer lifespan, ultra bright light and negligible power consumption. These bulbs are an excellent alternative to the conventionally used incandescent bulbs because of their energy efficient performance. Despite the negligible amount of energy consumption, these bulbs generate high output in terms of the brightness of their light. The outer glass covering of these bulbs is highly sturdy and does not break in case of accidental slips or falls. The light generated by these bulbs uniformly lights up a room and does not strain the eyes. No hazardous radiations emanate from these bulbs, making them highly environment friendly. Priced economically, these bulbs are highly demanded in the market.

Under the highly capable leadership of **Mr. Rupesh Nigudkar**, we have forged long term relationships with our clients through the consistent provision of premium quality products. The strict implementation of quality policies ensures that clients get only the best products from us.
