## About Us

Our company “**South Indian Agro Farms**” came into existence in the year **2013** with an aim to offer quality products to our customers. Our company is instrumental in its business domain since establishment at **Tiruppur, Tamil Nadu (India)** as a **Partnership** based venture. We are a trusted name in industry and are engaged in **manufacturing, retailing, supplying** and **trading** of products such as **Japanese Quail Birds, Japanese Quail Chicks, Quail Eggs, Fresh Quail Meat, Live Turkey Birds** and many more. Our products are extensively demanded in the market due to their quality, cost-effectiveness, packaging standards and market leading rates. We use to ship our products in safe packaging so that transits may remain secure throughout the delivery period. Our packaging is resistant to temperature variables. Moreover, we ensure timely delivery to our clients' destination. Our mentor, **Mr. Arunachalam (Marketing Manager)** is looking after all the internal and external affairs of the business. To keep himself updated with the market's opportunities and trends, he regularly conducts market surveys and analysis. It helps us to understand the engrossment more effectively. He used to conduct several market analyses which help us served throughout the industry effectively. Our company is highly supported by a team which is experienced in their respective domain and vindictively works so as to meet the set...
