'Sowparnika' Your trusted partner in Cultivation.

We are a technically qualified agri-management company with 4 decades of field experience. We are committed to achieving the best for you and we believe we can make a difference.

About Us

Located at **Bengaluru, (Karnataka, India)** “**Sowparnika Agro Private Limited,**” established in the year **1998** is recognized as one of the distinguished **traders, importers and suppliers** of a broad array of **Water Soluble Fertilizers** and **Agro Products**. These products are processed in conformity with the set industrial norms and standards. Owing to longer shelf life, efficacy and accurate composition, these products are widely acclaimed by our clients. In our wide assortment, we are providing **Water Soluble NPK Fertilizers, Mono potassium Phosphate NPK 00 52 34, Potassium Nitrate-NPK 13 00 45, Sulphate of Potash-NPK 00 00 50, Davana** and **Dry Chilli**. We are backed by a capacious warehousing facility that empowers us to safely store the product gamut in bulk quantities under hygienic conditions. Our hard working team of industry experts holds immense years of experience and in-depth knowledge of this domain, which enables us to optimally satisfy client’s variegated demands. With the assistance of our quality testing laboratory, we are able to provide farmers’ most suitable substitute for harsh and expensive chemical fertilizers. Due to our quality assured products, timely delivery, competitive prices and ethical business policies, we have become the ideal choice of our clients in the Bio Organic industry. Under the proficient guidance of our CEO and mentor, **Mr....**
