We are one of the leading suppliers, distributors and traders of Sensors, Controllers and Motion Devices. These devices are extensively demanded in automation, automobile and engineering industries.

About Us

Established in year **1992**, We are busy as **Wholesale Trader, Supplier, Distributor, Wholesaler, Trader**. We are successfully supplying a precision-engineered range of **Proximity Sensors, Door/Door Side Sensors, Photoelectric Sensors, Area sensors, Fiber Optic Sensors, Pressure Sensors and Rotary Encoders**. Along with these sensors, we are also specialized in offering Temperature Controllers, Sensor Controllers, Counters, Timers and Pulse Rate Meters. All these devices are procured from one of the most renowned and trustworthy vendors, Autonics (Korea Based Company) and acknowledged by our clients, for superior performance, reliability and longer functional life. At our base, which is located in Chennai (Tamil Nadu), our skilled team ensures to thoroughly check the entire range for flawless quality so as to dispatch a quality enriched range to our valued clients. Furthermore, in order to preserve our products during transportation, we carefully pack the sourced products in corrugated boxes. Our team of sales & marketing executives are responsible for strategically placing the finished range in the market so that our targeted clients are able to get access to the same, easily and instantly. An excellently managed organization, "**Archanna Industries**" is headed by **Ms. N. Karpagam**. His sharp business acumen and great managerial skills assist us in successfully comprehending and meeting the specific demands of our clients spread...
