World-class Industrial Equipment products at highly competitive prices!

About Us

Incepted in the year 1984, S R Engineering is one of the most respected names in the manufacture and supply of machine tools and industrial components. We have a detailed list of such products such as sheet **Metal Components, Aluminum Casting Components, CNC Machined Components and Piston Pins**. These products are available in all standard sizes, shapes and specifications. We are also capable to customise these products as per the specifications provided by the buyers.

Our passion for quality and customer satisfaction gives us an edge over the others. No wonder, we are now the most trusted manufacture and suppliers of machines tools and industrial components with sizable client base in many industries such as heavy engineering, automobile etc. Through our innovative ideas and technical expertise, we have proclaimed a new dawn in design and development of all these products, and offer new levels of excellence to our clients spread all over the country and overseas. Besides novelty, innovation and technical expertise, we are also well known in the industry for our strict adherence to quality. We never compromise with the quality of our products. In addition, we also offer our customers highly reliable after sales service to become their most reliable trade partners.

PISTON AND PISTON PINS/ CRANK PINS/ GUDGEON PINS

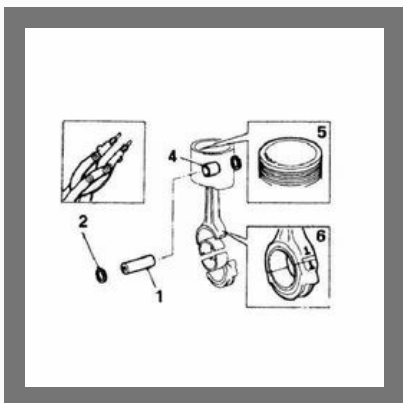

Our Product Range

Piston/ Crank/ Gudgeon Pins

Piston Pins Crank Pins & Gudgeon Pin

Fully Floating Type Piston Pin By Circlips

Spacers, Washers, Rollers, Twisted Springs & Piston Pins

SHEET METAL COMPONENTS

Our Product Range

Industrial Sheet Metal Component

Sheet Metal Item

Cookie Cutters

CNC MACHINED COMPONENTS

Our Product Range

CNC Piston Rod

CNC Machined -Component

CNC Machined Items

CNC Machined Component

ALUMINIUM CASTING COMPONENTS

Our Product Range

Aluminium Castings

Manifolds Fittings

Cylinder Block

Engine Mounting

OTHER PRODUCTS:

Piston Pins Crank Pins & Gudgeon Pins

Aluminium Cylinder Heads

Cylinder Head

CNC Machined- Components

Factsheet

Year of Establishment	: 1984
Nature of Business	: Exporter
Total Number of Employees	: 51 to 100 People
