About Us

Established in the year **2005**, “**Sree Associates**” is regarded as one of the leading importers, suppliers and wholesalers of an impeccable variety of **Industrial Chemicals and Cement**. Our products are sourced from credible vendors around the world, who have shown a flawless record of past performance. Moreover, we only associate with reputable vendors who are financially stable and can handle bulk orders & consignments. Our products are pure, safe, chemically stable, reliable, durable, unadulterated and have precise composition & pH value. We have exhibited an excellent performance in the industry and our products are used across various sectors like ceramics, rubber, printing, construction & chemical industries. Our team of experts comprises highly qualified chemical engineers, who ensure that the chemicals are of appropriate quality. We accept various modes of payment and process the orders in a time bound manner. Our supply network runs across the nation and we ensure that the products reach their destination on time. Our firm is mentored by '**Mr. Niranjan Patel**', whose vast domain knowledge helps us in delivering quality products to our clients. He is a constant source of inspiration and guides our organization towards success.
