About Us

Established in the year **2010**, we, **Sri Panchamuki Traders**, are a renowned organization involved in processing, supplying, trading and exporting of different varieties of **Rice**. Our strong belief in up-gradation of our processing unit enables us to offer quality rice with high nutritional value. Meeting the growing demands of Food and Agro industries, the rice that we offer is known for its rich taste & aroma, appetizing flavor, uniform shape, size and color. To ensure streamlined production of our range, we have set-up four different departments, which include procurement, storage, processing and packaging. All the departments are provided with advanced facilities that help us to follow stringent and hygienic procedures while carrying out the processing activities unit the final delivery. Our in-house quality testing laboratory is equipped with latest inspection equipment to carry out quality testing on the basis of well-defined parameters, in accordance with the standards specified by the Agro industry. Besides, our dexterous team is also provided with appropriate training and regular updates, so that it remains abreast with the growing market requirements, thereby serving our customers in the best possible manner. We provide sample of the product and customize the packaging, both of which have enabled us to muster a huge clientele that includes **Bangalore Lotus Farms, and Komala**. We are guided by our founder,...
