About Us

Sri Sai Chemicals & Oils was established in the year 2010. We are leading manufacture and trader of Cashew Nut Shell Liquid Oil, Cashew Nut Oils. These are grown in tropical climates and are properly cultivated employing a blend of traditional as well as modern techniques. Cashews contain almost starch of their weight and are widely used in various Indian cuisines. Right from garnishing sweets or curries to preparing a paste for sauces, making tempting sweets like kaju barfi and desserts, our offered cashew nuts are widely preferred by the consumers.

Our success stems from serving our patrons by delivering quality products, on time. This eliminates the need for our clients to maintain multiple suppliers making their business both efficient and effective. They are thus admired because of our ability to provide fast & reliable service consistently.
