Sri Balaji Anand Chemicals

<https://www.indiamart.com/sribalajianand/>

We are manufacturer, supplier, importer and exporter of a wide assortment of industrial chemicals, acids and disinfectants. Our range is widely used in chemical, petrochemical, pharmaceutical, food & beverage and textile industries.

About Us

Established in the year **2005**, we, “**Sri Balaji Anand Chemicals**”, are among the leading organizations engaged in manufacturing, supplying and exporting a wide assortment of **Industrial Chemicals, Acids and Disinfectants**. Our range consists of **Fertilizer Chemicals, Disinfectant, Amino Acids, Paper Industry Chemicals, Sugar Chemicals** and **Ammonia Control Components**. All our chemicals are widely appreciated by the clients due to their precise pH value, purity, accurate composition and longer shelf life. Apart from this, we also import several products from huge manufacturing facilities from **China**.

Our range has found its applications in array of industries like petrochemical, pharmaceutical, food, textile and beverage. We have developed a modern processing facility, which helps us in maintaining a rapid rate of production to fulfill the needs of our prestigious clients. All requisite tools, machines and technology are installed at our unit that are needed for producing a quality range of chemicals, which meets industry standards and norms.

Our team of professionals works in sync with our esteemed clients to understand their exact requirements in a better way. In addition to this, our strong R&D department and large production capacity have enabled us in improving our existing range on a regular basis. All these factors have enabled us to export our range to **Indian Subcontinent, Australia and Africa** to...
